

# Airpot

SYSTEM

## Coffee – the way it was meant to be.

Café-quality flavor, wherever you want it, whenever you want it. That's how Filterfresh makes coffee. And the high-volume *Airpot System* is no exception. Whether it's in your office, grocery store or cafeteria, Airpot servers keep a variety of coffee flavors tasting hot and fresh for up to six hours.

Great taste and convenience too!

With a brewer that makes up to 4.5 gallons of delicious coffee an hour, this system is sure to keep up with your coffee-drinking demands. Plus, the fully portable servers can be moved to any location. Meeting rooms, lobbies, retail environments, break stations and breakfast bars all benefit from this top-of-the-line brewing configuration.

We understand coffee lovers.

To make the perfect cup of coffee, you need more than a great brewing system. You need great coffee. Taste just one sip and you'll understand why our blends are found in more than 30,000 businesses across the nation. Brands include:

**Van Houtte** – Choose from more than 20 coffees, roasted in small batches in the European tradition. Van Houtte blends include dark desires such as French Roast and Midnight Express, lighter passions including 100% Colombian and Mellow Mocha, International blends such as Kenya Kilimandjaro and Mexico Organic Trans-Fair, and Flavored coffees including Bavarian Chocolate and Pecan Praline.

**Filterfresh** – A selection of 17 100% arabica coffee blends. Filterfresh coffees include a selection of regular, decaffeinated, specialty roasted and flavored blends, among them High Mountain Arabica, Tarrazu Noir, Naturally Decaffeinated and French Vanilla.

**Starbucks** – 6 Starbucks blends provide a range of mild, smooth, and bold coffees, including Breakfast Blend, Café Verona, and Sumatra among others.

## Why choose the Airpot System?

- Brews up to 15% more than standard brewers, with patented "power boost."
- Available in either plumbed-in or pour-over models.
- Improved brewing system has better temperature accuracy.
- Coffee stays hot and fresh in the server for up to six hours.
- The fully portable server is easily transported to remote locations.
- SplashGard™ funnel deflects hot liquids away from the hand.
- Convenient lever-style pump on server lid and swivel base make dispensing quick and easy.
- Plumbed-in brewing system features hot water tap for tea, instant soup or hot chocolate.
- A choice of delicious coffee blends and brands.
